

Overview

Title: cheerselliot.com skills outline website.

Working Title: cheerselliot.com

Problem Statement: As HR, it's complicated to decide on a candidate to hire.

Vision: cheerselliot.com is a website that gives confidence to HR around Elliot's skills and experience.

Mission: To make deciding to hire Elliot easier for HR.

Product

Scope:

Must Have	<ol style="list-style-type: none">1. As HR, I want to see what Elliot's current main project / goals are so I can decide if they align with my organisation's.2. As HR, I want to see case studies on Elliot's work so I can share these with executives.
Should Have	<ol style="list-style-type: none">1. As HR, I want to book a time to chat with Elliot via phone so I can save time with emailing.2. As HR, I want to easily share Elliot's case studies on LinkedIn for other candidate to learn from.
Could Have	<ol style="list-style-type: none">1. As HR, I want to get to know Eliot via video so I can decide if he's a good fit to the company culturally.2. As a website administrator, I want to be able to easily publish new case studies so I can focus on the content and not the tools.
Would Have	<ol style="list-style-type: none">1. As HR, I want to be reminded about Elliot's profile later so that I can compare it to openings we may have then.

Success Criteria:

1. Clearly communicates Elliot's current goals
2. Easily find case studies by Elliot about his hands on experience
3. Easily find a way to get in contact with Elliot

Risk Factors:

- The project will use technology i've never used before.

- I may not make the deadline because my girlfriend's birthday party on Saturday that may leave me gravely hungover and trapped in a fast food & netflix bed spiral.

Timeframe

Working Dates: 17-05-2019 to 23-05-2019

Milestone:

1. Initiation finished and development begins
2. 5th case study published
